Hello guys, as you might already know, Jasper from our group is leaving soon, shall we get him a present or do something together, I believe he was heading back to Sweden 9-10 July, let me know if you have any ideas

**Jesus Lancella** 3:32 PM
Sure, I'll think about a type of present that he could receive

**Emil Karlsson** 3:34 PM
im in, he has some issues with schedule so he might be leaving from 8-11 of july so lets see. I am unfortunately working night shift whole of July so gonna be hard to be part of some kind of event but I can contribute if we come with some good idea

**Zakaria Atiwi** 3:49 PM
Does he like reading

**Emil Karlsson** 3:57 PM
50/50, he likes it but mainly when others read for him. He dont find the time to read as much as he wants

**Zakaria Atiwi** 4:02 PM
lets get him a babysitter who can read for him then

**Emil Karlsson** 4:04 PM
hahaha yeh he would really like that

**Jesus Lancella** 4:05 PM
😂

**Zakaria Atiwi** 4:06 PM

shall we get him a miyoo

**Emil Karlsson** 4:08 PM

ye something similiar he would love to have! But I think theres better options than this kind of model. He likes the old arcade games like pokemon etc we found it on Teemu but we cant rely on a teemu order before he leaves xD

**Zakaria Atiwi** 4:09 PM

ok please find the name and I can look if they have it on marketplace

**Zakaria Atiwi** 4:23 PM
these links are for sites in the Netherlands (Citrix vpn I guess) so delivery will take time

I have heard Miyo Mini is supposed to be good, what do you think

**Zakaria Atiwi** 4:30 PM
maybe one of these
miyoo mini
miyoo mini plus
rg35xx
r36s

what do you think

**Emil Karlsson** 4:30 PM
yeh it was just as suggestions but something similar to this most be a perfect gift for him

gonna look

**Zakaria Atiwi** 4:32 PM
I guess it comes down to how big his hands are 😂

**Emil Karlsson** 4:37 PM
R36S is a good alternative though when I look at it, ehh. Its not a big thing, these gaming console are for portability and nostalgia so it dont have to be perfectly fitted in his hands but ofc, it cant be so small its annoying. Then it would destroy the thought

https://www.amazon.nl/videogameconsole-IPS-scherm-videospeler-hand-spelconsole-Linu[…]&hvlocphy=1010543&hvtargid=pla-2292193935041&gad_source=1&th=1

You can take other market ofc but amazon for R36S is with Linux so when he gets bored he can basically download any game he wants which is allowed and functional on this kind of device

**Emil Karlsson** 4:44 PM
think it will be best to look after work as well, a lot of websites are restricted and majority is for Netherlands since our IP is somehow connected to Netherlands it seems like

**Zakaria Atiwi** 5:01 PM

Yes R36S looks nice

okej shall we say I buy it tonight and you can send me money later, as I don\t know how many days before delivery, I found it on aliexpress

**Emil Karlsson** 5:05 PM

I would not trust aliexpress to deliver it on time, dont amazon have it?

then we can take express delivery for like 10 euros extra and it will def arrive within 2-3 days

and maybe it would be nice having confirmation from others if they are in. So far you me and Jesus are at least in

**Zakaria Atiwi** 5:07 PM

When is Adrian back. I don\t know if Kim is here today. As for Hassan he is running around

**Emil Karlsson** 5:09 PM

Monday adrian should be back

ah okey

**Zakaria Atiwi** 5:10 PM

also I don\t remember the surname of Lina or is it Lisa so I did not add her

**Emil Karlsson** 5:13 PM

Lina Colombick^ cant add her myself though

**Zakaria Atiwi** 5:13 PM

maybe it is better to send it to Sweden, can you get his new adress

**Emil Karlsson** 5:14 PM

hmm.. yes that could be a possibility. Can try my best but then ill need to text him so I have it in written also hehe

**Lina Colombick** 5:14 PM

was added to the conversation by Zakaria Atiwi.

**Zakaria Atiwi** 5:15 PM

Ok I added her

Hello Lina, can you read previous messages or shall I give summary

I know it will be somewhere in Norrköping (edited)

---

**Lina Colombick** 9:18 AM

Hey! Thanks for adding me 🙂 I think it is a good idea, I ran into Jasper on Saturday and he was talking about going to a steak house on the coming weekend for his goodbye thing

**Zakaria Atiwi** 9:46 AM
Might be a better idea

✅ 1

**Emil Karlsson** 10:11 AM
Will most likely be the best since not everyone have a consistent salary (some not even a bonus), But. If we have enough people, I think Jasper would love to have the game console or at least a book if its cheaper/easier. I am in to contribute, lets see if others are as well to make it not so expensive for anyone but if not. Just eating together with Jasper will be more than enough I can imagine ^^

**Zakaria Atiwi** 2:35 PM
Ok I have secured a contact with someone on marketplace who has a Miyoo Mini Plus for 40Euro (among the best reviewed handhelds), please let me know how many would like to contribute so I get it. He bought it beginning of June from AliExpress for 60 and has used it two weeks (edited)

✅ 1

**Zakaria Atiwi** 5:08 PM
Not much response so I will assume the group prefers steak house? I am fine with either or both (edited)

**Emil Karlsson** 5:14 PM
I guess so.. hehe

**Zakaria Atiwi** 5:26 PM
also steak sounds expensive for many here I think, take something cheaper so people respond

**Emil Karlsson** 5:28 PM
quite sure the stakehouse was Jaspers idé so but yeh, it will most likely be a bit pricey

**Zakaria Atiwi** 5:29 PM
cheapest restaurant in Riga probably>

This is a really nice place. I was there during a film festival. They have separate tables were you can sit as a group. Affordable

Okey since its Saturday soon we broke the bubble to Jasper that we are planning dinner. Jasper said that 18H would be perfect time to eat and we go to Ala Pagrabs, since we are quite a few we need confirmation on how many people want to join so we can make reservation on tables.
@Zakaria Atiwi Please help to get confirmation on how many we are and lets celebrate Jaspers last days with us ^^

1

**Zakaria Atiwi** 4:45 PM
I believe people here would be interested to know what the reservation cost is per person before agreeing..

**Emil Karlsson** 4:45 PM
reservation is usually not to be paid if its not super fancy place but ofc they might get angry on us if we dont show up

**Zakaria Atiwi** 4:46 PM
I don't know how many wants to join, I have opened this group for everyone to reply if they are interested

**If you want to join, please make a like on this comment** (edited)

✅ 4

**Adrian Törn** 4:57 PM
there is indeed no reservation cost, also meals are around 10 e + whatever you wanna drink so its not very crazy prices, also probably around 18 there will be no live music so it will be easier to talk

**Kim Soininen** 5:11 PM

I cannot promise that I will show up unfortunately, depends how long my journey will take to build a Jysk closet. Please someone ping me in social media for details so I can put it on my calendar 😄

**Zakaria Atiwi** 5:21 PM

**Kim Soininen** 5:34 PM
